22nd April 2006

Dear Mr Carpenter,

Further to our discussions on the 9th August 2006, the matter of the Victoria Street, Mayfield proposed car park was tabled at the August 2006 Mayfield Mainstreet Committee meeting.

The Committee members consider the finalisation of the car park as a major contributor towards much needed economic activity in the Mayfield Mainstreet business district and voted unanimously towards pursuing Newcastle City Council to secure the required funds to complete the car park as soon as is possible.

Any assistance from yourself or your department would be appreciated, the committee is also writing to all ward councilors and the general manager to ensue this matter is placed, as the priority that is should be.

On behalf of the Mayfield Mainstreet Committee,

Kathie Heyman
Mayfield Mainstreet Committee
Coordinator
